HOUSE OF LOVE

I Don't Know Why I Love You

(Fontana/Mercury) 7880

Guy Chadwick and company are about to embark on a US tour in support of their self-titled Fontana/Mercury debut. The lead track here, "I Don't Know Why I Love You," is still making the rounds at Alternative radio, and was the catalyst that took the album Top 5 on the charts. Sales are kicking in now, too, and with the imminent tour and another single on the way to Alternative radio, The House Of Love is built on a firm foundation. This band's three guitar approach makes the big difference. This song will leave a lasting impression by the second spin.
